If you need the items for additional days, or if you have specific setup or takedown times, please make sure you include that information with the deposit.

Site Preparation

To avoid delay, please be sure the site is ready before our crew arrives. This includes mowing the lawn, moving vehicles out of the way and cleaning the lawn of anything your dogs may have left behind. If our trucks cannot drive directly to the site (items have to be carried in) please notify us before we arrive. All underground utilities (ie. power lines, septic systems etc.) need to be properly marked. Please have someone available to count all items delivered.
